

ENDURAFENCE™

FENCING

Heavy duty plastic fence that is 2m tall and anti-climb, making it suitable for construction, deep excavation and street works sites. It is ideal for when metal fencing cannot be used.

PRODUCT RANGE

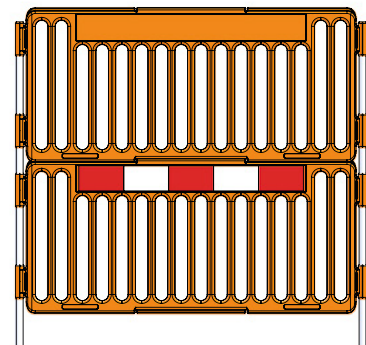

ENDURAFENCE™

Usage Benefits

- ▶ Lightweight and durable solution for easy installation
- ▶ Can be easily transported and stored by 1 person
- ▶ Clearly defines access and thoroughfares in high traffic areas
- ▶ Ensure mandated physical distance measures
- ▶ Ideal for live sites including railways, power plants and sub-stations
- ▶ Can be connected to existing mesh fencing and compatible with traditional fence feet
- ▶ Can create larger hybrid barrier systems
- ▶ Can be branded to bespoke colours
- ▶ Protect site staff and pedestrians against risk factors

Product No.	O668
