

## A stable and convenient trench cover with an innovative Flexi-Edge which greatly reduces trip hazards for pedestrians.

- Dimensions 1.125m x 1.125m
- Pedestrians only
- Can withstand a 500kg load over a 700mm trench
- No bolting required
- Underside and edge are made from a soft flexible material which grips the covered surface and helps to reduce any unwanted movement
- Central section made from reinforced plastic
- Standard colour yellow
- Also available in corporate colours and embossing
