

# LOWPRO® 100 NARROW TRENCH COVER

## TRENCH COVER

Developed for Project Gigabit, the LowPro Narrow Trench Cover is ideal for fiber optic cable installations. It is suitable for 3" - 3.9" wide trenches. The recycled plastic material grips the asphalt to minimize movement and provide a stable surface for pedestrians and vehicles. Available in 1m sections, the LowPro 100 is supplied with fixings to anchor pieces together.

## PRODUCT RANGE

## LOWPRO® 100 NARROW TRENCH COVER

### Usage Benefits

- ▶ Designed for fiber optic cable installations & maintenance
- ▶ Made using recycled plastic and is recyclable
