

OXBLOCK

FENCING

This heavy base forms a stable base for metal and plastic security fencing. The OxBlock is the best alternative to concrete blocks. It is made from a tough thermoplastic compound that is shock and crack resistant.

PRODUCT RANGE

OXBLOCK

Usage Benefits

- ▶ Can be easily stored and transported using the internal handles
- ▶ Provide added visibility for workers, spectators or pedestrians with hi-vis ends
- ▶ A versatile and durable component that can be used with a range of fencing
- ▶ A closed loop recycling product: made of recycled PVC
- ▶ Create enhanced stability of fencing systems to maintain demarcation and social distancing
- ▶ Fully recyclable
- ▶ Reduce trip hazards with these low-profile, compact fence feet
- ▶ Can reinforce contractor, client or project branding, as required
