

HEAVYHOLD FENCE WEIGHT

FENCE WEIGHT

Designed for tough job sites, our ballast weight is the smarter, cleaner alternative to traditional sandbags for securing temporary fencing and pedestrian barriers. Built for maximum stability and long-term use, it's the trusted choice for contractors who need dependable performance that lasts.

PRODUCT RANGE

HEAVYHOLD FENCE WEIGHT

Usage Benefits

- ▶ Handles dozens of setups and takedowns without breaking down
- ▶ Eliminates single-use sandbag
- ▶ 30 lb ergonomic lifting handle
- ▶ Withstands 200 lbs of lateral force: secure under heavy leaning or accidental impacts
- ▶ Keeps pedestrian areas safer with high-visibility strips
- ▶ Locking & nesting system simplifies stacking, storage, and transport
- ▶ Custom branding space for your company logo or site branding: 7x2.5" sticker
- ▶ Durable, consistent, and professional-looking
- ▶ For construction sites & events with mesh fencing or pedestrian barricades
