

LOWPRO[®] 100 NARROW TRENCH COVER

TRENCH COVER

Developed for Project Gigabit, the LowPro Narrow Trench Cover is ideal for fibre-optic cable installations. It is suitable for 75mm-100mm wide trenches. The recycled plastic material grips the asphalt to minimise movement and provide a stable surface for pedestrians and vehicles. Available in 1m sections, the LowPro 100 is supplied with fixings to bolt pieces together.

PRODUCT RANGE

LOWPRO[®] 100 NARROW TRENCH COVER

Usage Benefits
