

# LANTIS<sup>®</sup> BARRIER

## PEDESTRIAN BARRIER

The Lantis Barrier is a recycled plastic barrier fence. With the ability to be used in parades, sporting events, ticketing lines and much more, it's a versatile solution. Lighter than steel, yet significantly more long-lasting, the Lantis Barrier is a replacement for metal pedestrian barriers.

## COMPLIANCE CODE

BS 7818 1995

## PRODUCT RANGE

## LANTIS<sup>®</sup> BARRIER

### Usage Benefits

- ▶ Lightweight and portable solution for easy installation
- ▶ Stacks compactly, easily transported and stored by 1 person
- ▶ Clearly define access and thoroughfares in high traffic area
- ▶ Ensures mandated physical distance measure
- ▶ Enquire about minimum order quantities for customisations
- ▶ Protect site staff and pedestrians against risk factors
- ▶ A closed loop recycling product: made of PCR plastic
- ▶ Maintain your barrier fleet with spare parts, including feet, connectors and body sections
- ▶ Robust & long-lasting 'drive-over' toughness, which springs back into shape

Product No.	O745
Width	40mm
Length	2109mm
Height	1100mm
Weight	14kg
Quantity / Pallet	50
Colour	Grey
